

The Norman Optimist Club

NOC begins it's fourth season at Reeves Park after a successful spring and summer of 11-16 year old baseball leagues and tournaments.

NOC is a non-profit organization that is dedicated to providing the finest in youth sports for central Oklahoma. All of those active in running the park are volunteers. Therefore, all proceeds from activities go back to park development.

Reeves park is the central Oklahoma's premier baseball complex for older boys with 6 ball fields available for play and an indoor facility for use by league teams and tournament guests.
